The Currumbin library was lucky enough to have the author Natalie Kate Forbes visit last Monday and share her book *Saturday, Sunday, Busy day*. Fun Day with some grade 3 and 4 classes. She then guided the children through what makes a good story, character setting and plot development.

The classes were so engaged and learnt so much, always excited to share their creative ideas. We look forward to having her back again soon to continue this learning journey with a writing workshop, editing workshop and sharing space.

CURRUMBIN KIDS CLUB NEWS

Lately at Kids Club, the children have been loving everything Pokémon! We started with some craft to celebrate Pokémon's 30th anniversary and have done many follow up activities to engage with the ongoing interest. During an activity where we were making bird puppets, one of the children, Ben B in year five, had the idea to alter the template and turn it into a bird like Pokémon. Other children wanted to copy his awesome idea/ finished creation, and we followed it up a few days later by making hanging Pokémon pictures. This week we will continue the fun with some 3D paper craft and designing our own Pokémon cards! It has been great to see the children adapting activities to suit their interests and supporting them as they come up with new ideas for fun crafts to do!
